CORSICA User Stories

As an Administrator User, I need to…

    ...have the ability to control / view all course waitlist queues
    …be able to manipulate students on all course waitlist queues (move / delete / etc.)
    …view course waitlist statistics for analytical purposes
    …do everything an advisor user can do
    …add / delete schedulers
    …add / delete advisors
    …view advisor activity on Corsica
    …update course capacity as it pertains to the waitlist system (caps / overrides)
    …remove courses as available options for student users
    …add new course waitlists as available options for student users

As an Advisor, I need to…

    ...login to CORSICA
    ...view respective departmental waitlist queues
    ...view waitlists that student is on
    ...search for a course
    ...search for a student
    ...move students on a wait-list
    ...delete students off a waitlist

    want to…

    ...view a filterable list of courses that do not have waitlists
    ...view a filterable list of courses that do have waitlists
    ...view CORSICA homepage and product details

As a Scheduler, I need to…

    ...view waitlist for courses
    ...query details about a waitlist
    ...view amount of students on a waitlist after registration ends
    ...view course waitlist statistics for analytical purposes
    ...open waitlist for a course
    ...close waitlist for a course

    want to…

    ...filter course list

As a Student, I need to…

…waitlist myself for one course section
…waitlist myself for more than one course section
…add myself to multiple waitlists
…remove myself from a waitlist
…be notified when there is an open seat and I can register

want to…

…view my position on the waitlist/waitlists I'm currently on
…be given a sufficient amount of time in which to register
…be provided with simple instructions regarding how the waitlist works

As a Non Logged-In User, I need to…

…have access to login function

want to...

…view page 'About Us'
…view page 'Overview''
…view page 'Deliverables'
…view page 'Presentations'
